

# AFTER-SCHOOL PROGRAMS AT LAWTON

This school-year the "Clay Animation Network" will be teaching iPad 2 and Lego animation classes at Lawton Elementary. Students who take classes through C.A.N. learn basic and advanced animation techniques, add music (on the Garage Band iPad App), and edit their final product including voice-overs (on the iMovie iPad App). Their finished products will then be placed on the website [www.cancancancan.com](http://www.cancancancan.com) (4 cans). Presently there are over 750 movies on the website in addition to class commercials. Skills taught can include basic language arts, drama, 2 and 3 dimensional drawing, physics, and math.

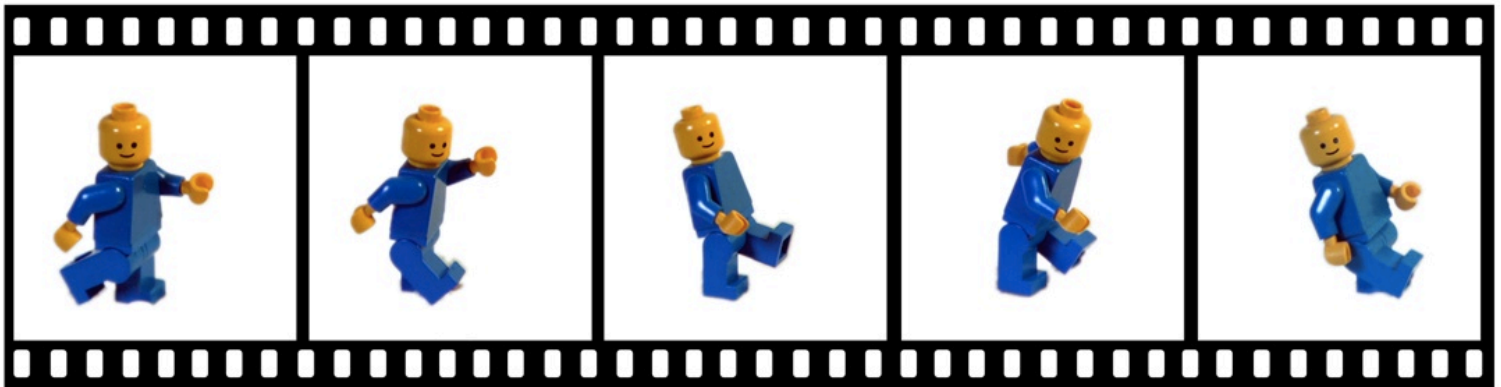

## iPad 2 Animation

Have you ever watched cartoons on T.V. and wished you could make your own? In this class students will make original cartoons on an iPad 2, using the animation program "DoInk". Drawing and animation skills are taught!

Tuition for all Classes: \$135 per quarter/ per class, Room: 111, Grade Range: 1st - 5th, Time: 3:05 - 4:30, Day: Mondays

Quarter 1: OCT 3,10,17,24 NOV 7,14,28 DEC 5  
Quarter 2: JAN 23, 30 FEB 6,13,27 MAR 5, 12, 19  
Quarter 3: APR 9, 23, 30 MAY 7, 14, 21 JUNE 4, 11

## LEGO® - ANIMATION:

Bring in LEGO® pieces from home or use the ones brought by the instructor to create your own stop-motion LEGO® movies. Students will learn how to operate a digital camera and construct props and backgrounds and will edit their own video and sound on an iPad2.
